

sellify customer testimonials

**sellify**  
Nichts leichter als das.

## MT Müller counts on sellify!

.....

MT Müller has relied on sellify for years when it comes to the implementation and realization of construction projects. Our customers at MT Müller particularly appreciate the clear, digital storage of order overviews as well as the associated documents such as measurement slips, quotations from suppliers, delivery bills and timesheets. Before the introduction of sellify, these were simply lost in the paper chaos.

## sellify in the craft sector.

MT Müller about sellify.

**"The coherent concept as well as the customer-oriented commitment of the employees convinced us."**

For our customers at MT Müller, the introduction of sellify has made everyday office life much easier: The filing of orders and the handling of projects is now much clearer - and the special customer proximity of the business// acts consultants to the employees and the management and the immediate help with problems have also convinced MT Müller.

**With sellify, you have a real competitive advantage, because this lean software provides a central and clear organization during operation, so that everything is easier for you. This saves you a lot of time, nerves and money.**
