# Changelog 23.3.0

Phases for projects

# Project phases

The definition of type-dependent project phases now supports project managers and participants throughout the entire course of the project. In the individual phases, project results can be defined that must be achieved as optional or mandatory results. The documentation of activities and correspondences can be assigned to these results. Time and/or number can be recorded in each individual documentation, enabling precise project controlling. In addition, the visual presentation of the project progress supports project managers in monitoring efforts and deadlines.

The screenshot displays the Sellify project management interface. The main window shows project details for 'Software Einführung' (Implementation) with a 57.50% completion rate. A calendar view shows the project timeline from October to December 2023. A modal window titled 'Phase "Entwicklung und Qualitätssicherung" bearbeiten' is open, showing a list of tasks with columns for 'Erledigt' (Completed), 'Obligatorisch' (Mandatory), 'Ergebnis' (Result), 'Früh' (Start), 'Fristdauer (Tage)' (Lead time), 'Anzahl Einträge' (Number of entries), 'Gebuchte Zeit' (Booked time), and 'Gebucht (Anz...)' (Booked (Anz...)).

Erledigt	Obligatorisch	Ergebnis	Früh	Fristdauer (Tage)	Anzahl Einträge	Gebuchte Zeit	Gebucht (Anz...)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Programmierung	24.10.2...	7	4	03h 00m	0
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Qualitätssicherung	24.10.2...	7	2	03h 30m	0
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Change Request	24.10.2...	7	2	03h 30m	0
<input type="checkbox"/>	<input type="checkbox"/>	Vorbereitung Installation	24.10.2...	7	0
